

**AIR**

POWERED DOUBLE DIAPHRAGM PUMP

## Features

- *Safety*
- *Explosive Spark-Proof*
- *Paint Concentration*
- *Max Capacity 16 liters / Min*
- *Light Weight*
- *Easy to Handle*

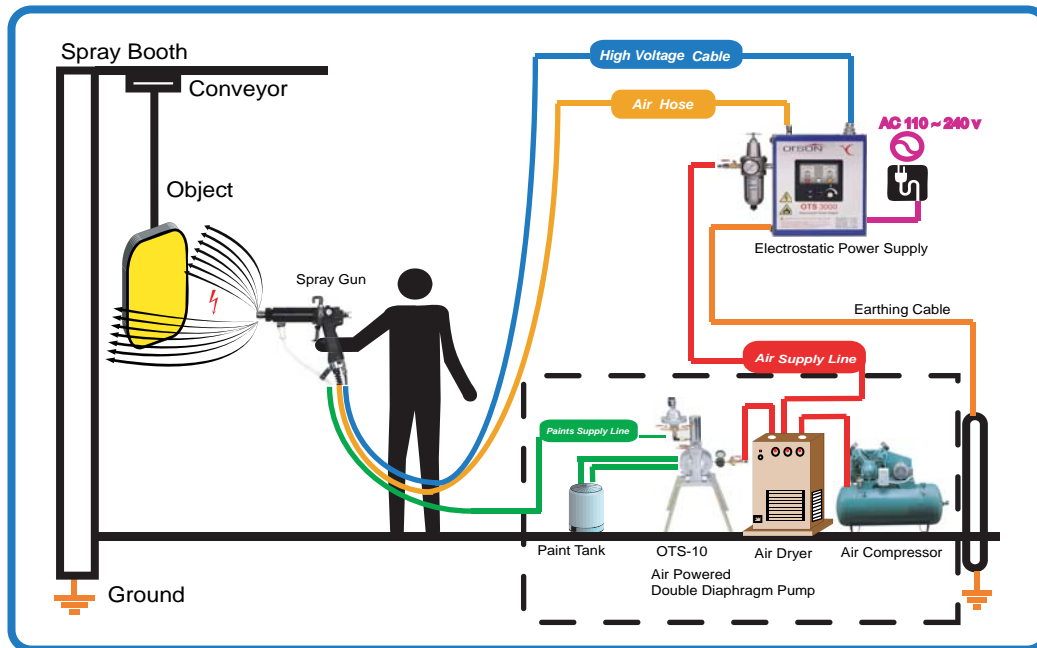

# OTS - 10

*Innovative Technology of*

*Liquid Electrostatic Coating Solutions*

## Purpose

- General Spray Gun , Auto Spray Gun, Electrostatic Spray Gun for Paint.
- Printing ink circular materials sending.

## Application

- General coatings
- PU coatings
- Water learner coatings
- UV special coatings
- Liquid coatings

## Specifications

Fluid flow: 16 liters / min.  
 Ratio: 1:1  
 Working Pressure: 1~5 kg/cm<sup>2</sup>  
 Feed: siphon from manufacturer's container or gravity tank  
 Body: anodized aluminum  
 Fluid fittings/shafts/valves: stainless steel  
 Diaphragms/balls: Teflon  
 Fluid regulator: stainless steel

## Ordering Information

**OTS-10-A** : Standard Package

**OTS-10-B** : Professional Package (with Regulator)
